

Go Green With Us!

• The Ortiz International Center works closely with all of our partners and vendors to reduce our environmental footprint within the Center.

• We are proud to be the first VENUE in the State of Texas to be Ocean Friendly Certified by the Surfrider Foundation

Our Green Initiatives

- **Sustainable China Service**
China service is standard on all catered events
- **Eco-Friendly Disposable Options**
When disposable options are requested, we use PCR, compostable or recyclable options
- **Catering and Bar Services**
No single use plastic bottles or straws!
Bugasse plates and plant starch serviceware
Use of wood stir sticks and paper straws at bars
Use of bulk creamer and condiments
- **Purchasing Program**
Use of local vendors and suppliers
Seafood Watch certified seafood
No styro-foam or single use plastic containers
- **Energy Conservation**
Under the leadership of the Port Corpus Christi, we have converted to LED lighting throughout the Center and installed an Energy Management System to manage air conditioning and heating
- **Green Cleaning Chemicals Program**
We only use green certified cleaning options within our culinary operations and Orbio highly ionized water system for general cleaning
- **Recycling Program**
We recycle cardboard and paper onsite and all glass, plastic, #10 cans and aluminum materials through our waste management provider

A Port Corpus Christi property managed by Spectra
